RETREAT OF BOERS.

British in Command of Many Positions Held by Them.

GONE TO FREE STATE

General White's Men Are Emaciated and Exhausted—Burying Ground of Boers Near Colenso Depicts Horrible Scenes.

London, March 6. — The Boers in northern Cape Colony are in full retreat to the Orange Free State. Possession of Stormberg puts Gatacre in railroad communication with Clements at Colesberg. Though the Boers partially wrecked the railroad, it is understood it can be quickly repaired and thus the entrance of additional British troops into the Free State will be greatly facilitated.

From Ofontein, where Roberts is now opposed by a good sized body of Boers there is no news except reports of minor skirmishes.

The position gained by Brabant at Dordrecht is reported exceedingly strong. According to The Times correspondent the Boers were enabled to retreat from Dordrecht practically unhindered. It is reported the Boers violated the white flag by deliberately firing at close range on a stretcher party.

White's garrison has begun to leave Ladysmith and is arriving at Mooi river camp where the troops will remain several days, after which they will go further south. They are emaciated and exhausted.

It is said the road to Colenso presents scenes that exceed in horror those depicted in Dante's Inferno. Dead men and animals are lying mutilated and putrefied in the trenches formerly occupied by the Boers and fill the air with a sickening stench. In cases where a hurried burial had been attempted the rains had washed the earth away and out of the earth stick ghastly legs and arms of the dead burghers.

A dispatch from Ofontein says that according to the Boer prisoner any important British success will cause President Steyn to flee to Pretoria, leaving the provisional government at Bloemfontein which is likely to make peace overtures. Free Staters, not wishing peace will go into the Transvaal and there make a stand, which British military critics now point out, will constitute a most difficult and deciding feature of the war.

Recent rains have afforded Roberts good grass and copious supplies have reached him. News of his advance is eagerly awaited.

The war office received the following from General Roberts:

"Ofontein, March 6.—Gatacre occupied Stormberg yesterday. Lines of railroad north and west will now be repaired. Clements is at Joubert's siding station beyond Colesberg. The duke of Marlborough with the Oxford company and Imperial Yeomanry left Cape Town for Naauwpoort. Buller reports Natal now practically clear of the enemy and that he cannot hear of any formed body of the enemy anywhere. Boers left some ambulances full of sick from which mules had been taken for transport service."

RHODES' SCHEME.

A London Newspaper Tells of His South African Policy.

London, March 6. — The Morning Leader says:

"Of one thing we may be certain Cecil Rhodes, who knows South Africa has made up his mind that the annexation of the republic will not bring the lasting peace which our imperialists prophesy. Mr. Rhodes is so sure this will not happen that he is prepared to set to work at once on the fortifications of Kimberley."

"We are inclined to think that Mr. Rhodes is preparing for a possible armed conflict with the imperial faction which he fought at the polls and in parliament until 1895. He is preparing to resist any attempt on our part to interfere actively in South African affairs, either in the interests of the Dutch elector or the Kaffir laborer, who seems doomed to virtual slavery."

"This is not, indeed, an extravagant hypothesis. Mr. Rhodes has consistently maintained a policy of 'Africa for the Afrikaner' and on his lips the latter word is synonymous with the financier. He will be loyal to the English flag just so long as it continues to be a valuable commercial asset."

Philippine Commission Complete.

Washington, March 6.—Prof. Bernard Moses, of the University of California, had a conference with the president. Mr. McKinley tendered him the vacant place in the Philippine commission and he accepted. This completes the commission as follows: Judge Taft of Ohio, president, Dean C. Worcester of Michigan, Luke E. Wright of Tennessee

Henry C. Ide of Vermont and Bernard Moses of California.

Lieutenant Kohler Killed.

Manila, March 6.—Lieutenant Edgar F. Kohler of the Ninth infantry, was shot in the abdomen and killed at a village six miles north of Tarlac where he went in search of some hidden rifles. A Filipino, promising to produce the rifles, led him into ambush away from his command. The soldiers in revenge burned the village and killed 24 of the enemy.

SOCIAL DEMOCRATS.

They Meet at Indianapolis to Nominate Presidential Ticket.

Indianapolis, March 6.—The first national convention of the Social Democratic party for the purpose of nominating candidates for president and vice president met at 10 o'clock this morning in Reichwine hall. About 50 delegates were present. Many more are expected. The two matters of importance before the convention are the nominations and the absorption of the Social Labor party which is the "bolting" section of the Social Labor party, of which Daniel De Leon of New York was the dividing power. His side was sustained in court in a controversy over the party emblem.

The "bolting" section named J. B. Harriman of California for president and Max Hayes of Cleveland, O., for vice president.

It is proposed that the Socialist Labor party with approximately 15,000 members, amalgamate with Social Democrats and accept the nominees of that party. There is also some talk, favored by State Secretary Walters of the Populist committee, of fusion with the middle-of-the-road Populists. E. V. Debs, V. L. Berger and other leaders say, however, Social Democrats will enter into fusion with no party, but will absorb any.

It is now believed Eugene V. Debs will be made presidential candidate. If he should be nominated, Harriman will likely be the candidate for vice president.

CATTLE QUARANTINE.

The Shipment of Cattle from Many States Prohibited in Kansas.

Topeka, March 6.—A proclamation has been issued by Governor Stanley at the solicitation of the live stock sanitary commission declaring a quarantine which practically excludes the shipment of dairy cattle into Kansas. The quarantine is established in order to prevent the further introduction of tuberculosis into Kansas herds. It applies to dairy cattle and cattle used in breeding and developing dairy stock.

C. A. Stannard of Emporia has protested against the application of the quarantine against Illinois because it is from that state that most of the dairy cattle are received. Tuberculosis is prevalent, however, in Illinois, and the protest was overruled.

The proclamation makes the quarantine specific against New England states and New York, New Jersey, Delaware, Pennsylvania, Ohio, Kentucky, Tennessee, Indiana, Michigan, Illinois, Wisconsin, Minnesota, Iowa, Nebraska and Colorado.

INDIANS SEIZE MAIL.

Run Off Two Hundred Mexican Troops That Formed an Escort.

Potom, Mex., March 6.—Three days ago the Yaquis intercepted the mail which was being conveyed under an escort of 300 soldiers. Of the 300 soldiers, all were dispersed except two, who were hanged to nearby trees. The Yaquis carried off the mails.

Yesterday the Yaquis laid siege to Cocorit and captured Tegota, a mile below. They will attempt to burn Cocorit if it holds out longer. There are 3000 Yaquis between Potom and Torin. Twenty-four Mexican soldiers have been brought into the military hospital and nine Yaquis are reported dead on the field.

Mail communication between Potom and Guaymas has been stopped.

Twenty-seven Yaquis fired into a body of 200 Mexican soldiers on the road between Potom and Torin and disappeared. Between Potom and Torin, 15 miles distance, 16 bodies are hanging to trees, 14 being Yaquis and 2 Mexicans.

An expedition of 400 men has left Potom to open the road to Cocorit and great fighting is expected.

James Vance Captured.

Mountainview, O. T., March 6.—J. W. Morris, marshal of Mountainview, has succeeded in running down the leader of one of the boldest gangs of horse thieves that has ever operated in the Indian Territory or Oklahoma. James Vance, who has been hiding in the Wichita mountains, was arrested and admits that he is the person wanted. Horses have been stolen chiefly from the Indians and run over into Texas, where they were sold by members of the organized band. The sheriff at Memphis, Tex., now has a bunch of 95 horses that were captured, and Marshal Morris has gone to that place with some Indians to identify the stock stolen from the reservation.

Seeking the Spanish Vote.

JOHN B. Mike.

Wood says as soon as complete census returns are received the recommendations of the election committee will be formally approved and published, thus enabling preparations to be made forthwith throughout the island for the elections on May 1. There is very little doubt but that the Spaniards, who are yet unregistered, if they choose to vote can elect the mayor in Havana and Cienfuegos, as well as other cities possibly if they unite on a candidate. This fact is recognized here and as a consequence candidates for the mayoralty are beginning to cater to the Spanish vote.

Pannecote Will Remain.

London, March 6.—The Associated Press learns the British government has decided that Lord Pannecote will remain as ambassador at Washington indefinitely.

WEDNESDAY, MARCH 7, 1900.

The Alumni Association of the University of Texas will present to the University upon the Commencement occasion two marble busts, one of the late Gov. O. M. Roberts, the other of late Sir Swante Palm. The busts are being executed by the distinguished French sculptress Elisabeth Ney and will cost two thousand dollars. To the memory of Governor Roberts the University owes a large debt of gratitude for his royal and patriotic support in its infant days. Sir Swante Palm has left behind an enduring name through the gift of his large library to the institution.

EWING-TAYLOR.

The Ewing-Taylor combination presented "Texas; or, The Siege of the Alamo," at the opera house last night, giving the best production of the historic play ever seen here. The story is familiar to every Texas school boy. Mr. Taylor appeared in his original character of Jim Bowie, and Miss Ewing as "Ella." The entire company appeared to good advantage, and on the whole the performance might be considered better than that of Monday night. The special scenery and costumes added much to the interest. The specialties, again a pleasing feature of the show, were received with vigorous applause. The music by the Harris band each night before the performance, and by the pianist between the acts is worthy of especial mention. The play tonight will be "Don Caesar de Bazan."

Truck Growers' Meeting.

Wellborn, Texas, March 4.—A meeting was held here yesterday looking to the organization of a truck growers' association. There were several of the most prominent farmers of the community present, and they express themselves as being confident of the success of the undertaking. There were sixteen names enrolled. Another meeting will be held in a few days, when a regular organization will be effected.

A Tribute to the Memory of Julius Zulch Sr.

Editor of the Bryan Eagle—Dear Sir—The Eagle is always a welcome visitor to me at my college home where its editorial and news columns and even the advertisements are scanned with the particular pleasure that one finds only in a home paper, but sad indeed was it to me when in your latest issue I read the unwelcome news of the death of a much-loved friend, Mr. Julius Zulch, Sr. one of nature's noblest of noblemen, who was never happier than when making others happy. Green be the turf above thee, Friend of my brightest days; None knew thee but to love thee, None named thee but to praise. —John Thomas Daly. St. Edwards, 1900.

Col. John A. Wayland.

Referring to the announcement of Col. John A. Wayland for re-election to the office of state senator from the Twelfth district the EAGLE feels that Col. Wayland needs no introduction to the voters of the district, however, a few words regarding his services will not be amiss. He has served two terms and made an enviable record for unvarying attendance upon his duties and for safe, conservative and economic work as a legislator, his position on the finance committee having afforded him the opportunity to use the pruning knife in cutting down expenses. His influence is felt and acknowledged by his colleagues and wholesome laws are on the statutes to his credit. Col. Wayland is a sterling democrat and his record is as straight as a shingle in the interest of the people. He is a practical farmer and thorough business man and his identification with his constituency is thorough. He has expressed no choice in the matter of United States senator, and if elected will faithfully carry out the instructions of his party in this and all other matters pertaining to his office and the welfare of the district and the state.

F. J. Anderson, the optician, says that business has been so good with him that he has determined to stay a few days more. His object is not so much to get your money as to do you good and to establish a reputation for honesty and ability. Those needing his services will find that he understands his business and that his prices are within the reach of all.

FORTY MINERS DEAD IN WEST VIRGINIA.

Seventy Workmen Were Entombed in the Red Ash Mines by Serious Gas Explosion.

Montgomery, W. Va.—By an explosion of gas in Red Ash mines early this morning 70 men were imprisoned. Twelve have been rescued, five of whom are dead and others in a critical condition. Others are in the mine with no hope for recovery.

Later.—Forty dead were taken out and the rescuing party still hard at work. The scenes of distress about the mines are beyond description.

SEVERE WEATHER.

Rain, Hail and Snow Greet the People of the Northwest.

Chicago, March 6.—For the last 36 hours the states of Minnesota, Iowa, Nebraska, Illinois and Wisconsin have experienced a series of storms remarkable for their severity. The center, however, appears to have been through Wisconsin and Illinois and along Lake Michigan, where heavy snow changing to hail, then to rain, accompanied by wind that at times amounted to a gale, resulted in a partial demoralization of telegraph and telephone service and has badly crippled railway service.

At Duluth and St. Paul, Minn., Dubuque, Iowa, and LaCrosse and Milwaukee, Wisconsin, snow has fallen ranging in depth from three inches in Dubuque to 20 inches in Milwaukee. Chicago was pelted with rain, snow and hail alternately all in large quantities, while at Omaha and St. Louis heavy rain and sleet storms raged for hours.

The storm has moved east and south-east rapidly and the Ohio valley and lower lake region is being drenched with rain.

Ice has been piled up so badly on the west shore of the lake that there is some danger of Chicago's water supply being partly cut off as all cribs are hemmed in by perfect mountains of ice, and only the unceasing work by crib keepers has so far prevented trouble.

SEIZED FOR MORE DUTY.

Picture Undervalued Seized by Customs Officers at New York.

New York, March 6.—A special inspector of the customhouse and a special agent of the treasury have seized Ruben's famous picture, "The Holy Family" at the gallery of a Fifth avenue art dealer. The painting was entered at the local customhouse on Dec. 17 last, by Eugene Fizhoff, an art dealer. It was valued at \$25,000 and was passed and the duty paid in the fixed valuation. It has since been ascertained that the painting was undervalued some \$20,000, having been sold at the executor's sale of the estate of Sir Cecil Miles, bart, in London, last May for \$45,000. The seizure was ordered because of this alleged undervaluation.

The case will be resubmitted to the United States general appraisers and should they order a 50 per cent increase on the original valuation the picture will, under the law, become an absolute forfeiture to the United States government. If the valuation is increased from 25 to 49 per cent a graded penalty will be imposed in addition to the additional duties.

HORRIBLE CRIME.

Two Negro Boys Murder a Man and His Child and Beat the Wife.

Baxter, Ga., March 6.—Dan Mims, a young farmer living 20 miles from here, was brutally murdered Monday by two negro boys. Mrs. Mims tried to get away from the negroes, but they captured her, killed her baby and beat the woman so badly her life is despaired of. Officers with dogs have gone from here to aid in the pursuit.

Nipped in the Bud.

New York, March 6.—From San Salvador comes news of a revolutionary movement recently nipped in the bud and of the confiscation by the government of \$50,000 belonging to Dr. Jose Alfaro, who, it is reported, was to lead the revolt. Dr. Alfaro was formerly vice president of the republic. For some months he has been in Honduras conspiring for the overthrow of President Tomas Regalado, it is said. Dr. Alfaro is wealthy and it is reported that he instructed his representative in San Salvador to buy a draft on New York for \$50,000 for the purchase of arms and ammunition.

Mouse Trap Causes Murder.

New Orleans, March 6.—A dispute over a mouse trap led to a tragedy in Washington market here. Miss Emma Woolfero went to the market to buy the trap from Wendel Fink, a respected grocer. They had a dispute and Miss Woolfero claimed she was insulted. She went home, told her brother, Edward Woolfero, who at once went to the market and quarreled with Fink and then killed him.

Cable to Manila.

Washington, March 6.—The senate on naval affairs has ordered a favorable report on the bill to construct a cable to Manila by way of Honolulu, Midway islands and Guam. It is to be under the direction of the navy department and will be a government cable.

Died in Jail.

Atlanta, March 6.—Edward C. Flanigan who murdered Miss Ruth Slack and her uncle at Decatur, a suburb of Atlanta, in 1896, died in jail here. Flanigan had four trials, three times the death sentence had been given him.

"I am glad you didn't put in more than one local about those 500 bran sacks I advertised for Saturday," said Dee Mike Jr., to the Eagle representative yesterday. I got all I wanted and more too, and still they come. The boys brought them in small lots, some of them coming back with sacks two or three times." This reminds one of the old story about the trick Henry Grady played on a merchant who said people never read ads in a newspaper. Grady slipped a local into his paper that the merchant wanted to buy all the cats he could get and the merchant had to close his doors to stop the avalanche of cats which the boys turned loose on him.

Bob Allphin was here from Madisonville yesterday, and told the reporter that the road in the Navasota river bottom is still in terrible shape. The deep ruts are drying up that way and almost break a wagon to pieces. A little work would fix the bad places and it ought to be done at once. Bryan should reorganize the good roads club or rather revive it and fix up the roads in all directions. The new railroad being assured makes it all the more important that the county roads be fixed up in a manner becoming a town with two railroads.

TEXAS REPUBLICANS.

Green-Hawley Faction Win in the
Contests of Delegates.

DR. GRANT SHELVED

With Him Went C. M. Ferguson and
All Their Following—There Is
Talk of a Dual Gathering.
The Convention.

Waco, Tex., March 6. — The Green-Hawley faction is again in control of the Republican party of Texas. The McDonald-Ferguson feud played the important part and the McDonald faction won.

The Republican state executive committee has passed upon over a score of contests from as many different counties and has refused admission in almost every case to the anti-McDonald delegates.

The result of the committee has been an overwhelming triumph for the Green-Hawley force over the opposition headed by Grant and Ferguson, and in refusing admission to the contesting delegation from Grayson county, the committee has shut out Dr. Grant, Cecil Lyon and other well known Republicans from participating as delegates in the proceedings of the convention.

There were 23 notices of contests filed with the executive committee from counties as follows: Austin, Bexar, Brazos, Burleson, Cameron, Clay, Camp, Dallas, DeWitt, Fannin, Freestone, Galveston, Grayson, Harris, Henderson, Lavaca, McLennan, Montgomery, Navarro, Robertson, Travis, Walker, Wharton.

The DeWitt county contest was withdrawn and the Pidgeon delegation seated.

No one appeared to prosecute the Camp county contest, and in the case of Clay county both delegations were seated, with a half vote to be cast by each.

The Hogan delegation was seated from Austin county.

Clifford-Ogden-Terrell delegation from Bexar.

Alberson delegation from Brazos.

Porter delegation from Burleson.

Moore-Field delegation from Cameron.

Payne-McCauley delegation from Dallas.

Dawson delegation from Freestone.

Neivells-Hawley delegation from Galveston.

Moseley-Nagle delegation from Grayson.

Strong-Fallon delegation from Harris.

Patton delegation from McLennan.

The contest from Travis excited the greatest interest on account of the bitter fight between Collector Flannagan and Postmaster Brush, and when the smoke of battle cleared Flannagan was left on the outside of the breastworks.

When the executive committee adjourned at 12:20 this morning. The following disposition of contests had been made:

Henderson county, Smith delegation seated.

Lavaca county, both delegations seated and vote divided equally between them.

Fannin county, both seated and vote divided.

Montgomery county, Holland delegation seated.

Navarro county, Nelson delegation seated.

Robertson county, Massey delegation seated.

Travis county, Hornberger delegation seated.

Walker county, Allen delegation seated.

Wharton county, Shanklin delegation seated.

The committee met again at 9 o'clock this morning to select officers for the convention.

The convention will meet noon.

There is considerable talk of two conventions, but such a move has not taken sufficient steps to justify its certainty.

The contests before the convention promises to be warm.

LOUISIANA REPUBLICANS.

Instruct National Delegates to Vote for McKinley's Renomination.

New Orleans, March 6.—The Republican state convention for the election of four delegates at large to the presidential convention in June, met Monday in this city. The delegates chosen to represent the Republican party were Captain A. T. Wimberley, the collector of customs, who was also indorsed for reelection on the national committee; ex-Gov. William Pitts Kellogg, J. Madison Vance, a prominent negro attorney, and Richard Sims, ex-state representative, who is a large planter.

Resolutions instructing the delegation to vote for the reelection of President McKinley were adopted with great enthusiasm.

The convention was one of the largest and most harmonious one ever held in Louisiana.

Killing in Penitentiary.

Huntsville, Tex., March 6.—In the penitentiary here Sam Lewis, a lifetime convict from Fayette county, stabbed Jim Kelso, a 25-year man from Fort Bend county, killing him. Both negroes.

WASHINGTON NEWS.

Proceedings of the House and the Senate Somewhat Lively.

Washington, March 6.—Considerable miscellaneous business was transacted in the house yesterday. Much of it was of a minor character. During the consideration of a bill to incorporate the Frederick Douglass Memorial and Historical association, the speaker and Mr. Bailey of Texas, exchanged sharp words and the latter filibustering ultimately preventing the final passage of the bill by demanding the reading of the engrossed bill. The bill proposes to collect at the residence of the late Frederick Douglass in this city a record of the antislavery movement.

Mr. Underwood (Dem. Ala.) was appointed to the vacancy on the committee on ways and means, which it was understood was originally reserved for General Wheeler had he returned to congress. The early part of the session was devoted to the District of Columbia business.

Bills were passed to adjust the rights of certain settlers on the Navajo Indian reservation and to authorize white persons who have intermarried with Cherokee Indians to bring suits in the court of claims.

Mr. Carter of Montana dealt vigorously with the Quay case in the senate yesterday in the course of an explanation as to why he will vote for the former senator from Pennsylvania, notwithstanding he voted against the seating of Mr. Corbett in the last congress.

The near approach to the time of voting on the conference report on the financial brought out two speeches on that measure, one by Mr. Fairbanks of Louisiana and the other by Mr. Butler of North Carolina.

When the routine of business had been concluded, Mr. Teller of Colorado resumed his speech opposing the pending financial bill. He did not speak chiefly in behalf of Colorado. "Colorado, today," he said, is producing more gold than any other part of the world except South Africa. We can stand the gold standard better than other parts of the country. If New England with its great manufacturing population can stand it, Colorado can stand it too and grow rich under it. He believed this would be the greatest calamity ever inflicted upon this country—an affliction greater than the civil war.

The pension appropriation bill, which appropriates \$145,245,230 was passed.

The House.

Washington, March 6.—The house today without preliminary business resumed consideration of the Aldrich-Robbins contested election case from the Fourth Alabama district which was taken up last Friday.

Bill Repealing Paper Duties.

Washington, March 6.—Representative Devries of California has introduced a joint resolution for the repeal of duties on white or printing paper and the materials from which it is made and directing the attorney general to proceed under the antitrust law against those maintaining a monopoly in such paper and material.

LOOKING FOR A MEDIUM.

United States Thoroughly Inspecting the Products of Germany.

Washington, March 6.—Though the administration cannot protest against injudicious legislation pending in the German legislature, it has developed that it has been making a quiet investigation to ascertain the extent of the adulterations of German importations into the United States.

This investigation has extended to the imports of other European governments which impose restrictions upon American goods. In the case of Germany the information to be obtained will be of value in determining the course this government shall adopt should the meat inspection bill, reported by the Reichstag committee be enacted into law. This investigation, which has been going on for some time, has developed that the objections raised by the German government against American products also exists in German goods. This discovery is gratifying to the officials, as it furnishes them with an excellent weapon to be employed in case of need.

Pleased Over Return Duties.

San Juan, Puerto Rico, March 6.—Puerto Ricans are jubilant over the news of the passage of the bill returning the Puerto Rican duties. The people generally are satisfied and approve the fifteen per cent measure. They are feverishly awaiting the action of the senate.

Mrs. Johnson Dead.

McKinney, Tex., March 6.—The aged widow of the late ex-Senator Rutabage Johnson, dropped dead at her residence in this city of heart failure. She was the mother of Judge M. W. Johnson, formerly of Paris, Tex., but now of Paul's Valley, I. T.

Shot to Death in Jail.

Charlotte, N. C., March 6.—For assaulting an 8-year-old girl at Clyde, N. C. Sunday afternoon, George Ratliffe, was shot to death by a mob in the jail at Waynesville, N. C., early Monday morning.

Farmer Fatally Shot.

Ardmore, I. T., March 6.—J. M. Skaggs, a farmer, was shot and instantly killed in a difficulty near here. An arrest will be made.

Money for Cotton Factory.

Paris, Tex., March 6.—The citizens of Celeste have subscribed \$38,000 for the establishment of a cotton factory.

STOPS THE SHIPMENT.

Governor Taylor Rescinds Order for Arms to Go to London.

Frankfort, Ky., March 6.—The orders for the shipment of guns and ammunition from the state arsenal here to London, Ky., by the Republican state authorities were revoked late yesterday afternoon and a car loaded with munitions of war consigned to London was unloaded and its contents returned to the arsenal in this city. The state officials give no reason for the change of programme. The soldiers worked all forenoon loading the car.

There is a report that the war department at Washington interfered and requested the guns and ammunition already taken to London to be returned here.

The removal of the arsenal equipment was the subject for the following resolution in the senate by Senator Triplett, an anti-Goebel Democrat:

"Resolved, that a committee of two members of the senate and three members of the house be appointed to investigate the report that the guns, arms and ammunition of the state have been removed by W. S. Taylor, or by his orders, to certain officers of the state troops, to London, Ky., and that if said reports are found to be true the said committee shall at once prepare an act authorizing General John B. Castleman to purchase at once all the necessary guns and equipments to replace said material illegally removed and that he is further authorized to summon to arms and equip a sufficient army of state militia to recover all of the guns and other munitions so taken and replace the same in the state arsenal and, further, the sum of \$250,000 be, and is hereby appropriated by the general assembly of the commonwealth of Kentucky to carry out the provisions of said act and that the auditor of the state shall draw his warrant upon the treasurer for the sum necessary to carry out the provisions of the act."

The resolution went over until today.

Beckham-Taylor Suits.

Louisville, March 6.—The briefs in the case of Beckham vs. Taylor, and Taylor vs. Beckham, involving the question as to who is the legal governor of Kentucky, have been filed in the circuit court here. Judge Field decided to do vote his entire time to the case until he has reached a decision. Judge Jackson to preside in the law and equity court during this time. A decision is not expected until the end of the week.

WORKMEN IN A WRECK.

Two Killed and Forty Hurt, Many Believed Seriously.

Brazil, Ind., March 6.—A train carrying 400 workmen employed at the mines north of here to their homes in this city, was run into by a local freight train on Chicago and Eastern railroad Monday night and the caboose and two cars were smashed to splinters. Two men were instantly killed and more than 40 severely injured, many of whom will die.

The wreck occurred in a deep cut. The railroad company at once sent a special train and brought the wounded to this city.

Hundreds of women gathered at the depot and grasped their maimed and bleeding husbands and brothers in their arms and they were carried from the train.

The wreckage caught fire by an overturned stove and men who were rescuing the wounded were forced to turn their attention to the fire to prevent those in the wreck from being cremated.

NEWSPAPER MAN SHOT.

He Was Intoxicated and Run Against an Arkansas Deputy Sheriff.

Memphis, March 6.—H. A. Stevenson, a travelling representative of the Globe Democrat, was shot and seriously wounded in the rotunda of Peabody hotel Monday afternoon by Frank Williamson, a deputy sheriff of Crittendon county, Arkansas. Williamson immediately gave himself up to the authorities and was later released on bail.

Stevenson was under the influence of too much liquor and had hot words with an old gentleman in the hotel when Williamson interfered. There was a general melee and Stevenson was shot in the left side. The physician attending him thinks the wounded man will recover.

NEWS IN BRIEF.

Pope Leo was 90 years old on Monday. Chief Carell of the fire department of Nashville, Tenn., died of injuries received from being thrown from his buggy.

Mrs. Wolcott was granted a divorce from Senator E. O. Wolcott, at Denver, Colo., on the grounds of desertion.

Governor Benton McMillin, Congressman E. W. Carmack and Chief Justice Snodgrass are candidates for senator from Tennessee.

Jimmy Murray and Joe Young fought 20 rounds to a draw at Hot Springs, Ark. John Westervelt, his wife and daughter were burned to death at their home near Richmond, Va.

Mississippi is without yellow fever funds and the house refuses to appropriate any.

Prof. F. T. Madden, a distinguished educator, died at Waco, Tex., aged 72 years.

The executive committee of the People's Party of Texas will meet at Waco on March 24 to select a place and time of holding a state convention.

The charter of the Panhandle and Gulf Railroad company, with headquarters at Sweetwater, Tex., has been approved at Austin.

Citizens of West, Texas, will build a cotton mill. It will cost \$50,000.

TO THE PEOPLE OF BRYAN.

OSTEOPATHY

Is no longer an experiment, but an actual science, acknowledged by our foremost thinkers to be the greatest curative agent known to modern science.

CURES

Where all other methods fail. Osteopathy is a science of drugless healing. Osteopathy has been practiced only about eight years, yet in that short time it has won for itself the enviable support of men of national reputation and honor, and is now practiced in nearly every state in the union, and has been legally admitted by many of them.

Some who have investigated and tried Osteopathy and are able to speak intelligently on the subject. Hon. B. McMillan, governor of Tennessee: "The bill legalizing Osteopathy in this state passed both houses almost unanimously. It is one of the greatest discoveries of the time."

T. A. Briggs, governor of North Dakota, when asked to veto the Osteopathy bill, said: "Osteopathy has helped me, it has done good in my family, and will hurt no one. The bill has passed both Houses and I will sign it."

H. F. Pingree, governor of Michigan: "Osteopathy is a science entitled to all respect and confidence as a distinct advancement in medicine. I know it is doing a vast amount of good in relieving suffering and deformity that is not amenable to benefit from drug medicine."

J. P. Altgeld, ex-governor of Illinois: "I am indebted to Osteopathy for great good to both Mrs. Altgeld and myself. When prescriptions and drugs were as ineffective as empty words it came to our rescue and did that which other things had failed to do. Honor those to whom honor is due."

Lon. V. Stevens, governor of Missouri: "The bill was introduced and passed both Houses by an overwhelming majority; in the house the vote stood 101 for, 16 against, and 18 absent members from roll call. Of the 101 voting for the bill, there were two regular physicians. In the senate the vote stood 75 for the bill, 3 against and 5 absent; the total vote for the bill was 127. This is a clear indication in my opinion that the people of Missouri were for giving the friends of Osteopathy the protection of our state laws. The science of Osteopathy so far as it has come under my observation, assists in relieving suffering humanity, and I do not think I erred in signing the bill."

The above were selected from hundreds equally as strong and convincing.

C. L. GOBEN, D. O.

To the Populists of Brazos County.

By authority vested in me as chairman, I hereby call a mass meeting of the Populists to be held at the court house in Bryan, Saturday March 17, at 10 a. m., for the purpose of better organizing, and attend to all business of importance. W. J. BROGDON, W. W. WEAVER, Chairman. Secretary.

The Republican Puerto Rican tariff bill has furnished the Democratic party with an important issue for the next campaign, which the people will take up whether or not the leaders so desire. It gives new emphasis and direct interpretation to imperialism and plainly announces that the administration policy toward the island possessions is the policy of exploitation. —Galveston Tribune.

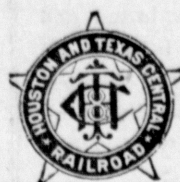

Biggest and Best!

That's what we claim for our stock of drugs and we are ready to prove it. Thirteen years of continuous business success has given our house a reputation for purity and quality of drugs, low prices, and fair dealing throughout this and adjoining counties. We have enjoyed a splendid patronage during the past year and cordially thank our friends and the public for the same. Wishing one and all a Happy New Year, we will continue to be found during 1900 at the same old stand.
